Charford House, changing lives for over a decade!

Charford House has been our HQ for over a decade.

The centre, which is set across 2 floors, is fully accessible for all, thanks to our wheelchair friendly lift.

The reputation of delivering services to those with complex needs has been second to none in the Peterborough area. Consistency and routine has enabled the individuals we support to flourish and reach their full potential.

The service specialises in delivering holistic communication, including intensive interaction and sensory activities. All within bespoke programmes designed for each person who attends the service.

The Helping Hands Group are renowned for our tailor made timetables focused solely on the individual, we feel this provides the stepping stones in building confidence and independence whilst offering new experiences along the way.

Those who attend Charford House will also have the opportunity to access our other centres which offer such sessions as Catering, Wood Work and Social Enterprise at Fenlake and use of the huge Sensory Garden at Algores Way.

We look forward to welcoming you to Charford House.
